

Scheda Tecnica di Full HD Mediaplayer

Play It All

With the **Full HD Mediaplayer** you can easily playback all of today's most demanding media files. Media

formats/ codecs include: avi, mkv, mov, mp4, mpeg, wmv, rm, rmvb, m2ts, flv, flac, ogg, mpeg 1/2/4, xvid, divx, h.263, h.264, wmv9, vc-1, rmvb and many more. Simply put, with the Media Vantage you can spend less time worrying about compatibility issues and more time enjoying your multimedia content.

Powerful Hardware

At the heart of this device is the powerful **Boxchip F10 CPU**. This is what allows the Media Vantage

to playback smooth 1080P movies that are vivid, colorful and full of life. You can even playback your **Blu-ray HD files at full resolution!**

Simple & Convenient

Using this device is very simple and straight forward. Just plug-in your SD card or USB thumb drive, use the remote to select photos, songs or movies, then sit back relax and enjoy! The user intuitive menu system makes it quick and easy to access all your media content; while the **HDMI 1.3**, composite RCA (white, red, yellow), and VGA output connectors ensure full compatibility with any TV or computer monitor.
